Comments:

It was indeed a wonderful experience dealing with Ciseern, the two amazing designers which was overseeing the works are Colin and Julian. Both of them expressed professionalism in assisting our requests. Both of them gave me and my partner the confidence and assurance which what owners need to have a peace of mind when works are being carried out. From the 1st stage till handing over, both was patience. Overall, a big thumbs up to the entire team. Will definitely recommend to my fellow friends who needs to do up their love nest in future. Keep it up ! Cheers
