**Message:**

My wife and I were fortunate to have contracted Zax as our interior designer. Planning & designing our first home was not an easy task, but Zax was patient with us and took the time to listen and understand our needs and wants, offered his professional opinion and went to extra lengths to ensure that we finally get our dream home at the end of the day. The entire renovation process was fuss-free and well coordinated, with Zax being easily contactable and responsive to our concerns. We appreciate Zax's professionalism and we will be sure to recommend him to our friends. Thank you Zax & Ciseern!
